DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 09/27/2004 has been entered.

Allowable Subject Matter

2. Claims 16-17, 19-23, 29-33, 54-68 are allowed.

3. The following is an examiner's statement of reasons for allowance and has been previously stated in the previous office action mailed 03/24/2004. The prior art of record fails to anticipate or rendered obvious the technical features of calculating a tensor of inertia from texel values, determining an eigenvector having a smallest eigenvalue from tensor, multiplying smallest eigenvalue eigenvector with texel values. Although texture mapping is well known in the art, the search of prior art has established the above specific method of texture mapping as being neither well known nor obvious. By placing the objected claim 18 into an independent form, the applicant has placed the case in the condition for allowance as stated above. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid

processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments or Statement of Reasons for Allowance."
